Subject: Google Alert - in situ uranium

News

1 new result for in situ uranium

[LETTER: Powertech threatens the Black Hills' water](#)

Daily Republic

The Canadian company, Powertech, Inc., plans to mine **uranium** in the Black Hills using the groundwater of our region as a tool (**in situ** leach mining).

Tip: Use quotes ("like this") around a set of words in your query to match them exactly. [Learn more](#).
